Dear Charles:

I enclose two copies of a draft patent application for the above-identified matter. One copy is for your review and one copy is for review by Murphy Sprinkel. Topics that require Murphy's particular attention are identified in bold face type in the text.

Appended to each copy of the draft application is a complete set of sketches that have been forwarded to us. The sketches marked as Roman numerals I-X are those that I believe should be included as figures in the application. Please ask Murphy to confirm that these sketches reflect the most current thinking about the invention. If more up-to-date drawings are available, please ask him to forward them to me.
